Additional Instructional Support

Hope Academy is a college-preparatory school that focuses on preparing students for higher learning by building a strong academic foundation. Students who need additional support may find Hope Academy's high academic expectations beyond their abilities. In those cases, families will be counseled regarding those observations, which are based on the entrance assessment and information gathered from the Release of Information form.

Based on our admissions process, Hope Academy may identify a student who needs additional support to achieve academic success. These exceptions will be made on a case-by-case basis at the sole discretion of Hope Academy, and it will be contingent upon enrollment in the Additional Instructional Support Program.

Non-Discrimination Policy

Hope Academy admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, sexual orientation, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.
